

Funder	Project Title	Funding	Strategic Plan Objective	Institution
Autism Science Foundation	Phase 1a of the Autism Sisters Project	\$111,461	2.CC	UCSF
Autism Science Foundation	Meeting grant - International Meeting for Autism Research (IMFAR)	\$10,000	7.3	International Society for Autism Research
Autism Science Foundation	The Baby Siblings Research Consortium Collaborative Database Project.	\$75,000	7.2	University of California, Davis
Autism Science Foundation	Developing a novel method for early screening of autism using electronic medical records	\$35,000	1.3	Children's Hospital of Philadelphia
Autism Science Foundation	Phase 1a of the Autism Sisters Project	\$73,065	2.CC	Broad Institute, Inc.
Autism Science Foundation	Phase 1a of the Autism Sisters Project	\$101,871	2.CC	UCSF
Autism Science Foundation	Undergraduate Research Award	\$0	6.3	State University of New York, Stony Brook
Autism Science Foundation	Screening for new autism treatments using cells in a dish	\$0	4.1	University of California, San Diego
Autism Science Foundation	Undergraduate Research Award	\$0	2.1	Duke University
Autism Science Foundation	Longitudinal Follow Up to Adolescent Social Skills and Executive Functioning Intervention Studies	\$0	4.2	Children's Research Institute, Children's National Medical Center
Autism Science Foundation	Undergraduate Research Award	\$0	2.1	University of Minnesota
Autism Science Foundation	Undergraduate Research Award	\$0	2.1	Cornell University
Autism Science Foundation	Using big data to characterize the female brain in autism	\$0	2.CC	NYU School of Medicine
Autism Science Foundation	Undergraduate Research Award	\$0	3.1	University of California, San Francisco
Autism Science Foundation	Determining the genetic and environmental factors influencing brain development in ASD	\$0	3.3	Seattle Children's Hospital
Autism Science Foundation	Understanding the female protective effect in infants with and without ASD	\$0	2.CC	University of Minnesota
Autism Science Foundation	Undergraduate Research Award	\$0	2.1	University of California, San Diego
Autism Science Foundation	Examining brain function during critical periods of development in ASD	\$35,000	1.3	Harvard University
Autism Science Foundation	Undergraduate Research Award	\$3,000	2.CC	University of Washington
Autism Science Foundation	Identifying the converging genetic pathways across different forms of ASD	\$35,000	2.1	University of California, Los Angeles
Autism Science Foundation	Exploring oxytocin as a mechanism for sex-related differences in brain structure in autism	\$5,000	3.CC	George Washington University
Autism Science Foundation	Explaining how the ASD brain works during social interaction	\$25,000	2.1	State University of New York, Stony Brook
Autism Science Foundation	Undergraduate Research Award	\$3,000	2.1	Mount Sinai School of Medicine
Autism Science Foundation	Understanding the genetic influence of brain circuitry in ASD	\$35,000	2.1	University of Texas Southwestern Medical Center
Autism Science Foundation	Undergraduate Research Award	\$3,000	2.1	University of Wisconsin
Autism Science Foundation	Leveraging new federal law to improve employment outcomes for youth with autism	\$5,000	6.1	Drexel University

Funder	Project Title	Funding	Strategic Plan Objective	Institution
Autism Science Foundation	Exploring the possibility of deep brain stimulation for autism	\$0	4.3	Boston University
Autism Science Foundation	Undergraduate Research Award	\$3,000	1.1	Vanderbilt University
Autism Science Foundation	Evaluating attentional deficits in ASD during real life situations	\$25,000	4.3	Indiana University
Autism Science Foundation	Using genes and iPSC cells from the same patient to determine the potential validity of a blood based biomarker	\$0	2.1	Mount Sinai School of Medicine
Autism Science Foundation	Understanding the pain response in people with autism	\$0	2.Core/Other	Vanderbilt University
Autism Science Foundation	Automating and accelerating the autism diagnostic process	\$25,000	1.CC	University of Miami
Autism Science Foundation	Determining the nature and function of the SCN2A mutation in ASD	\$35,000	2.1	University of California, San Francisco
Autism Science Foundation	Pupil Response in Individuals with ASD and Known Copy Number Variations	\$0	2.1	Geisinger Clinic
